What is this product?

Type

- This product is a class of share of the Sub-Fund and is denominated in GBP. The Fund Group SICAV is an open ended investment company with a variable capital and qualifies as an Undertaking for Collective Investment in Transferable Securities ("UCITS"), subject to Part I of the Luxembourg law of 17 December 2010 relating to undertakings for collective investment ("Investment Fund Law"), transposing Directive 2009/65/EC related to UCITS.
- As an investment fund, the return of the Sub-Fund depends on the performance of its underlying assets.

Objectives

Investment objective:

- The Sub-Fund aims to seek a level of return commensurate with equity risk returns while adopting a diversified and worldwide investment strategy.

Investment policy:

- The Sub-Fund will be exposed to a diversified range of asset classes and will mainly invest in target UCITS or other UCITS compliant UCIs.
- To seek investment diversification, the Sub-Fund may also be exposed to commodities and real estate through eligible ETFs, Exchange Traded Commodities, REITs (closed-ended) or index derivative instruments.
- On an ancillary basis, the Sub-Fund may invest directly in equities, bonds (with no rating constraints), money market instruments and cash/deposits and may also invest in structured products and currency forward instruments.
- The Sub-Fund may use financial derivative instruments for hedging purpose and efficient portfolio management (but not for leverage purposes).
- The Sub-Fund is not subject to any sectorial or geographical constraints and may then be exposed to emerging market risks (excluding China).
- The Sub-Fund is actively managed which means that the investment manager is actively making investment decisions for the Sub-Fund.
- The Sub-Fund is not managed in reference to a benchmark.
- The Sub-Fund's underlying assets does not take into account the EU criteria for environmentally sustainable economic activities in the

meaning of the Regulation (EU) 2020/852 of the European Parliament and of the Council of 18 June 2020.

- Given the above investment objective and policy and the risk and reward profile of the product, the recommended holding period is 5 years.

Redemption and Dealing: The shares of the Sub-Fund may be redeemed on demand on a daily basis before 3 p.m. Luxembourg time on the second business days preceding the relevant valuation day.

Distribution Policy: This product does not pay dividends. Income generated by the Sub-Fund is reinvested and included in the value of your share.

Intended Investor

The Athena Global Opportunities Fund is suitable for investors who:

- accept above average levels of risk and volatility;
- seek capital growth; and
- understand the risks of investing in equities.

The share class B1 is dedicated to retail investors and is not suitable for investors who plan to withdraw their money within 5 years.

The minimum initial investment is GBP 10,000.

Term

This product was incorporated for an undefined period. The manufacturer may not terminate it unilaterally. Only the board of directors of the Fund or a general meeting of shareholders may decide to terminate this product.

Practical information

Depository: RBC Investor Services Bank S.A., 14, Porte de France, L-4360 Esch-sur-Alzette - Grand Duchy of Luxembourg.

Further information: The Fund's prospectus and periodic period reports are prepared for the entire Fund. Assets and liabilities of each sub-fund are segregated by law, meaning that the liabilities allocated to one sub-fund may not impact the other sub-funds. Conversion of shares in shares of another sub-fund/class of the Fund are allowed as more described in the prospectus of the Fund. Copies of the prospectus, last annual report of the Fund and other practical information such as the latest price of the shares may be obtained free of charge, in English, from Alter Domus Management Company S.A.. What are the risks and what could I get in return?

Risks

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this product as 3 out of 7, which is a medium-low risk class.

Performance scenarios

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate and favourable scenarios shown are illustrations using the worst, average and best performances of the product over the last 10 years, by identifying, depending on the performance scenarios and as defined in Regulation (EU) 2021/2268, all overlapping sub-intervals individually (i) equal in length to the recommended holding period which start or end in each month which are contained within that period of 10 years or (ii) equal or shorter in length to the recommended holding period, but equal to or longer than 1 year, which end at the end of that period of 10 years. Markets could develop very differently in the future.

The stress scenario shows what you might get back in extreme market circumstances.

Unfavourable: this type of scenario occurred for an investment between 31 March 2015 and 31 March 2020.

Moderate: this type of scenario occurred for an investment between 31 October 2013 and 31 October 2018.

Favourable: this type of scenario occurred for an investment between 29 June 2013 and 29 June 2018.

What happens if Alter Domus Management Company S.A. is unable to pay out?

You are exposed to the risk Alter Domus Management Company S.A., might be unable to meet its obligations in connection with the product. This may materially adversely affect the value of the product and could lead to you losing some or all your investment in the product. A potential loss is not covered by an investor compensation or protection scheme.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest and how long you hold the product. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed (i) in the first year you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario and (ii) £ 10,000 is invested.

Example Investment £ 10,000	if you exit after 1 year	if you exit after 5 years (recommended holding period)
Total Costs	£ 877	£ 3,049
Annual cost impact*	8.8%	5.1%

(*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 7.3% before costs and 2.3% after costs.

How long should I hold it and can I take money out early?

Recommended holding period: 5 years

The RHP has been defined by taking account the above investment policy and risk and reward profile. You should be prepared to stay invested for at least 5 years. However, you can redeem your investment without penalty prior to the end of the RHP or hold the investment longer. Redemptions of shares will be effected each valuation day provided that the redemption notice has been received before 3 p.m. Luxembourg time at least 2 business days preceding the relevant valuation day, which is each business day. Applications received after that time will be considered for the following valuation day and processed on the next valuation day. Any cashing-in before the end of the recommended holding period may have a negative consequence on your investment.
